ABOUT THE FILM

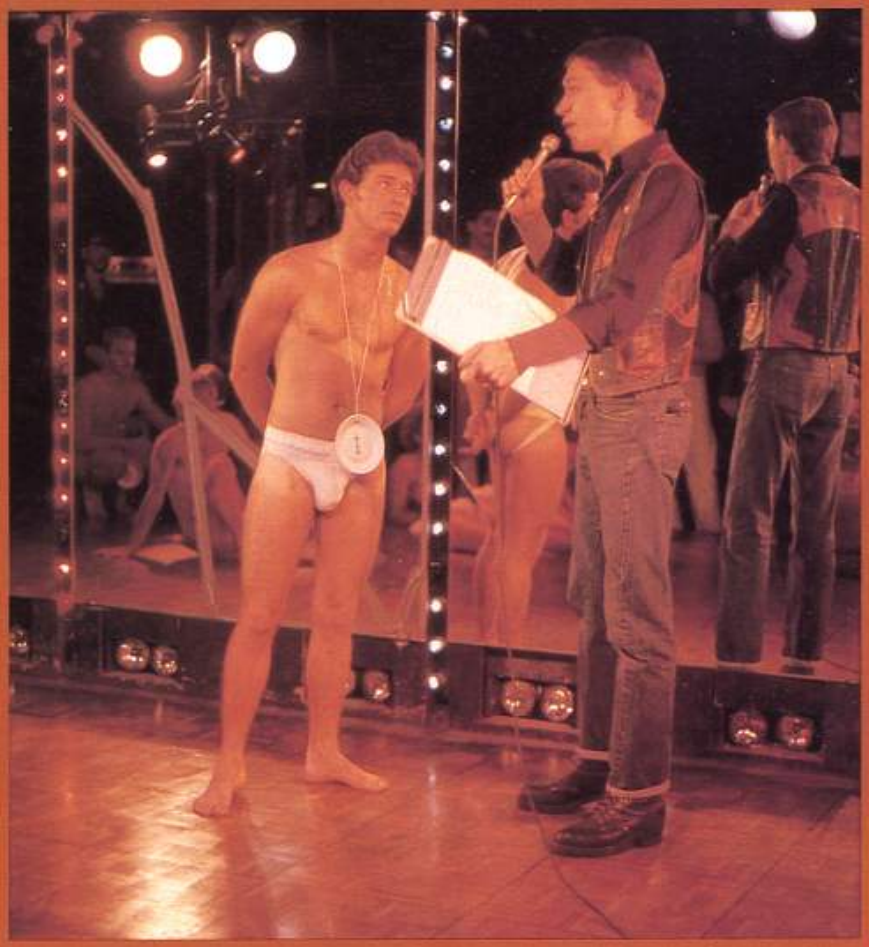
The Jock Strap Dance Contest has been a San Francisco tradition for many, many years. Held every other Sunday evening at the End-Up bar, audiences have seen some of the hottest men compete for the $100 prize money and for fun, fame, recognition or just for the hell of it. Always done in the spirit of respect and good natured fun, the Jock Strap Contest has attracted entrants and spectators from around the world. The current M.C., Randy Johnson, has been entertaining the crowds for several years with his quick wit, knowledgeable humor and outrageous questions. Randy is the definite star of the contest and a real asset to this film.

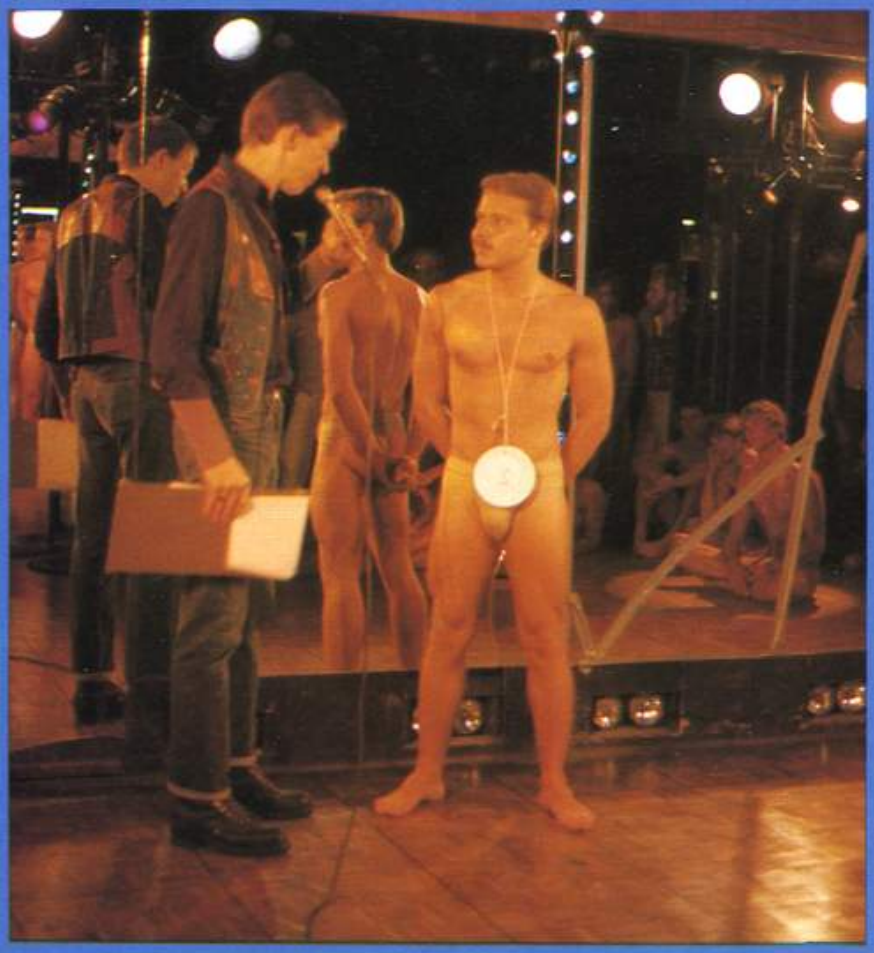
When J. Brian, who was a judge of the contest for two years, decided to make this film about the sexual adventures as confessed by various contestants, it was only natural to go to the men and the place where it happened. Thus, J. Brian shot on location with the real people who make it work.

Here then is the story of the Jock Strap Contest as hosted by Randy Johnson, and the "flashback" tales of seven contestants on a recent Sunday evening.

CHAPTER ONE

The first contestant that Randy Johnson interviews is Rick Adams, who tells of bicycling along the beach where he spots young Ron Pearson sunbathing in a deserted cove. They waste no time getting it on in the sand—Ron wants Ric's long, fat cock up his ass in the worst way, but when the cold ocean breezes make them uncomfortable, they decide to drive to Ron's nearby house. After a quick shower, which arouses their passion and stiffens their cocks, they find themselves 69ing on the bedroom floor. Ron sucks Rick's big meat to a roaring hardon and soon finds Rick's tool pumping his tight willing asshole. Ron comes twice in ecstacy while anticipating Rick's big load. Rick shoots, and shoots and shoots, the bliss is beautiful.





CHAPTER TWO

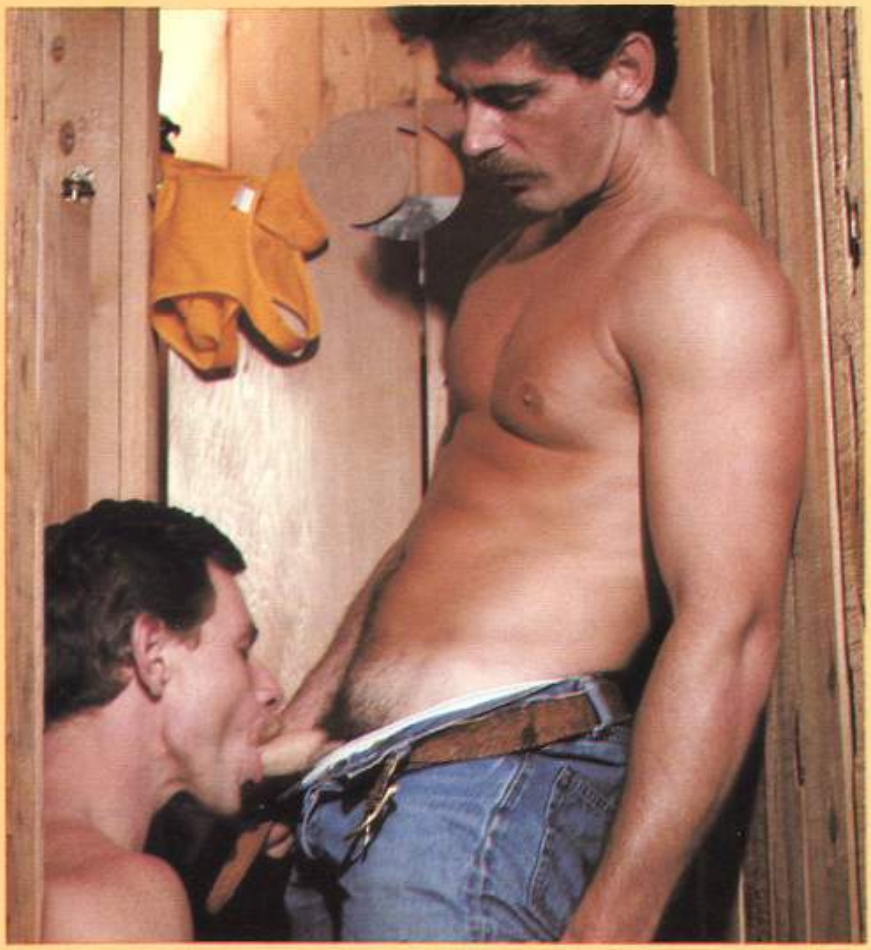
Contestant number two is Jeff Porter, a Swedish tourist. While exploring the Redwood National Park in Northern California, he sees Mickey Squires driving around naked in a customized van. Pulling over to a quiet section of the Park, they get out and get down, talking dirty and turning each other on.

Oh, daddy, show me those big balls . . .
Hey, man, let's see that foreskin . . .
Yeah, you like that foreskin, show me that hot ass of yours . . .
Oh, rub that oil all over that hot body of yours . . .
Yeah, man, get that big cock of yours hard . . .
I want to see that white cum shoot out of that big tool of yours . . .
Oh, man, shoot that cum, shoot it man . . .

And they shoot that cum, over and over again in one of the most throbbing, sensual, and unique mutual masturbation scenes ever filmed. Hot men, hot bodies in the hot sun.

CHAPTER THREE

Contestant number three is Leo, a blue-eyed blond with chisled features and a deep sexuality. When he is asked about his sexual fantasies, Leo says he wants to fuck contestant number four, Jamie. Randy Johnson brings Jamie to the stage and introduces the two young men, who are soon living Leo's fantasy by a beautiful, lush poolside garden in Marin County. The sensuous boys explore each others' bodies, mouths, cocks, and asses. The romantic excitement builds and builds as they suck, fuck, suck and fuck again. Leo comes first as Jamie rams his huge tool into Leo's hole harder and harder, forcing his shaft up to his balls. Then Jamie shoots load after hot creamy load onto Leo's face and chest. The excitement is too much, as Leo shoots still another time, his body jerky with spasms of ecstacy. It is a jock strap fantasy come true.



CHAPTER FOUR

Contestant number four is Oklahoma Jim, new to the City and working in a Western clothing store. When asked about unusual experiences in the store he relates the story of being seduced by well-known porn stars Will Seagers and Miles Mitchell. Under the pretext of trying on "tight" Levis, Miles is soon sucking Will's big meat in the dressing room. Asking for "tighter" Levis, the two hunks soon have innocent Jim sucking their superstud cocks. Taking turns fucking the bewildered Jim, the bodybuilders bring him to the point of irreversible agonizing climax. Will Seagers then sticks this throbbing cock into Miles' willing ass. Slowly, then harder and harder, they fuck, controlling each others' sweat drenched bodies as only two oversexed studs can; building to a sexual high, finally shooting the hot man juice into Jim's willing and eager mouth.

CHAPTER FIVE

Contestant number six is Frank Sears, a sensuous, dark haired man with a natural build and washboard stomach. His lover, slender blond haired Doug Bogs is in the audience. M.C. Randy asks them when they last had sex and Frank relates the scene in their vegetable garden just hours earlier. As Frank is working on the garden, Douglas comes out, sleepy and hung over to sunbathe nude. Frank is pissed off and sprays Doug with the water hose, leading to some horseplay, drenching them both. Frank is soon sucking on Doug's ramrod straight uncircumcised dick, and loving it. Trembling with excitement, they are soon sucking and fucking on the grass. As only lovers know how, they manipulate each others' bodies, cocks and assholes with sure and intimate knowledge. They give each other pain and pleasure, anticipation and arousal, and finally climax after glorious climax between two beautiful men.

CHAPTER SIX

The final contestant, Ray, relates his experiences in one of Castro Street's famous gyms. Sensual black gym member James waits in the Jacuzzi as a series of naked men finish their workouts, shower and leave. Horny Jim spots James from the shower and is soon in the pool sucking on the black man's exciting cock. A new-comer to the gym, heavy hung Gary joins in for a wild threeway of uninhibited sucking, fucking and rimming. The hot steam rises from the hot water pool, and the temperature rises in our trio, as they explore every sexual combination. Working each other into a frenzy of sexual delights, they finally shoot and shoot their man come, overwhelmed by the intensity of it all. As Randy Johnson says, "That must be some gym you go to, Ray." It is.
